L.O.L. Joan

Don,

There are many things I'd like to say, but I don't know where to begin. We've always had so much fun together; remember fifth grade's "Hansel and Gretel," the Spanish meetings (where we hogged all the cookies), and Glee Club, when we both acted like "nuts." Well, up until now you were just a good friend, who was a lot of fun to be with. But in these last few months you have come to mean something very dear to me. I feel that our understanding of one another is a bond that won't easily be broken. I'm really looking forward to the Prom, for there you'll be my King (not Helen's prince), and I know I'll be very proud of you, as I always am. I respect and admire you very much. I'm looking forward to the many happy times we are yet to share with each other (I hope). Graduation is so close and it sort of scares me to know how many friend we shall have to part with. But, at least I hope we will be remembered together, for nothing would make me happier. I'll always cherish the wonderful friends I've known at St Joe's, but you will stand out foremost of them all. I sincerely wish you luck and prosperity in the many years to come and I hope you'll achieve the high goals, which your are aiming for.

Love,
Carol

Don
Well Don, it's
finally over, 2
hard long years. To
bad you weren't here for
the first two. Always remember
our time during the summer, basket
ball, baseball, swimming (In el rio).
Good luck in C.T.I. Ok. do me a favor.
After we are out will you keep in touch
with me, no matter where you are. O.K.? Just
because we're out no reason why we should lose
contact. Right? Good luck Don, may success
follow you everywhere you go. Remember me always.
Your Best Pal

foreword

All over the world men have been searching for the true meaning of joy and happiness. Throughout our high school years we believe we have found their meaning. Where? In the satisfactions which come from accomplishment, from proper use of leisure, from spreading good will, and from living in peace with God and with oneself.

Joy results not merely from accepting reality, but from altering it when possible, for the common good.

We publish this annual hoping by it to spread in some small way the joy which we experienced during our high school years.

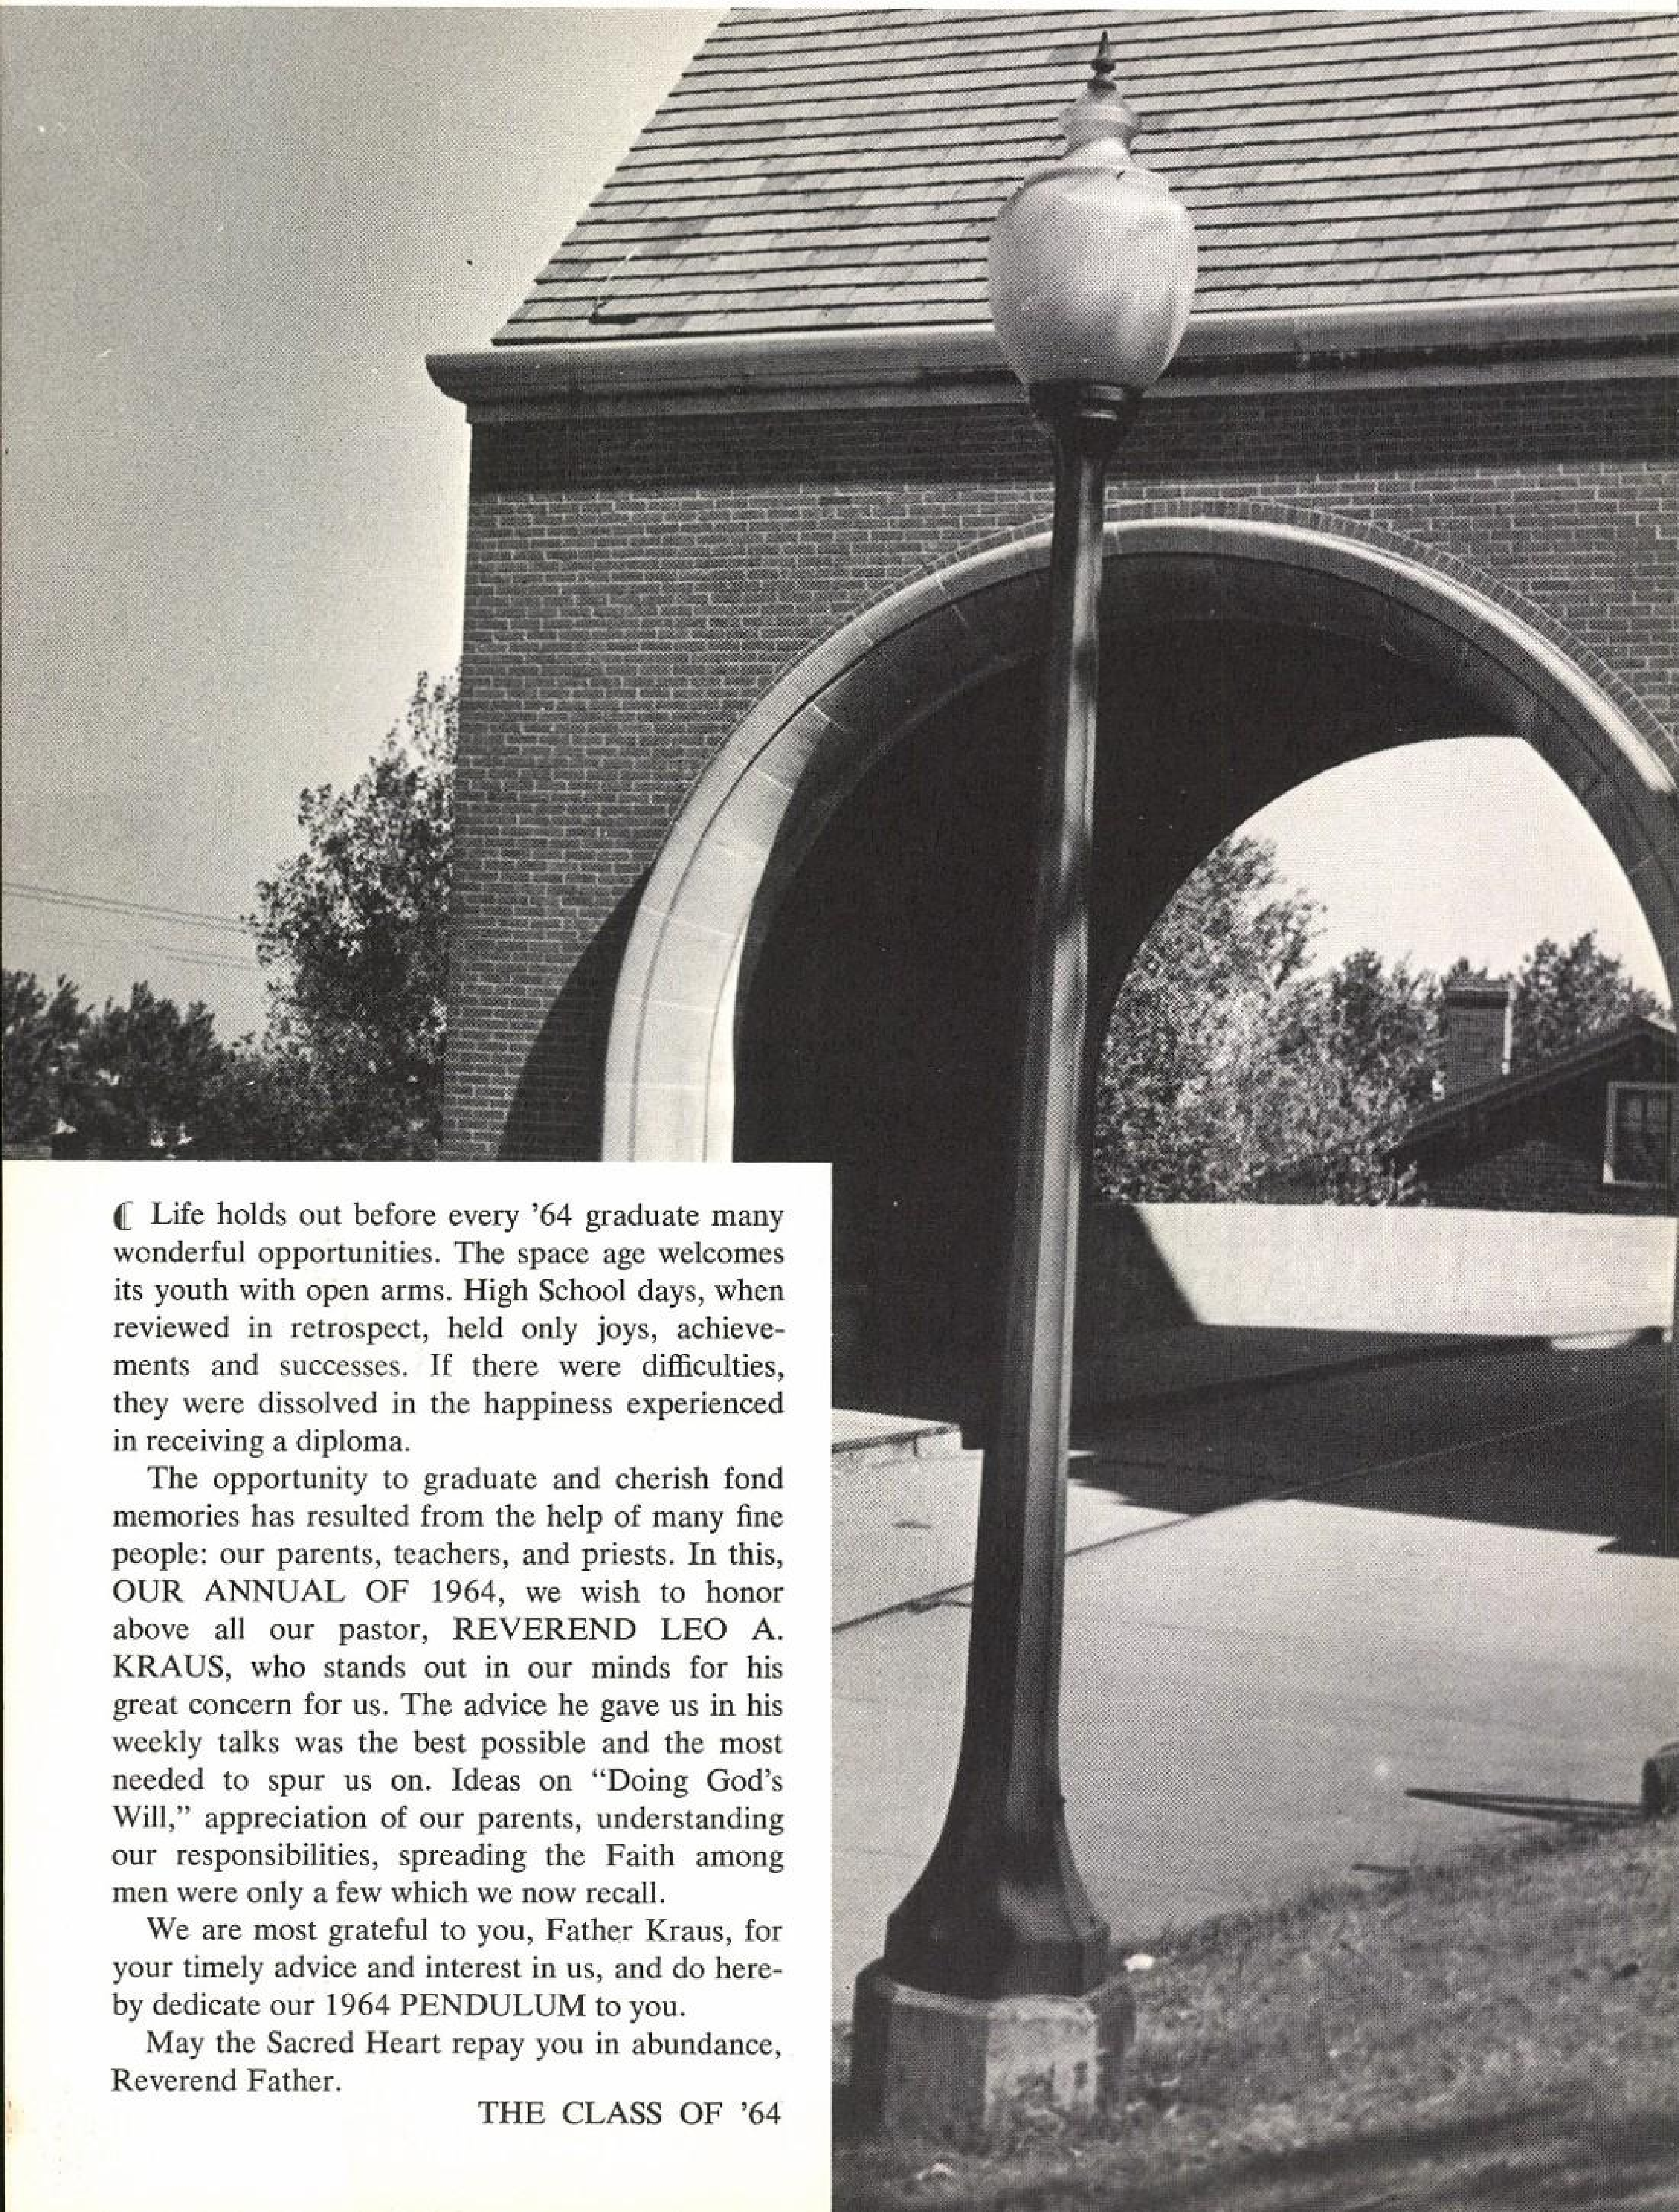
dedication



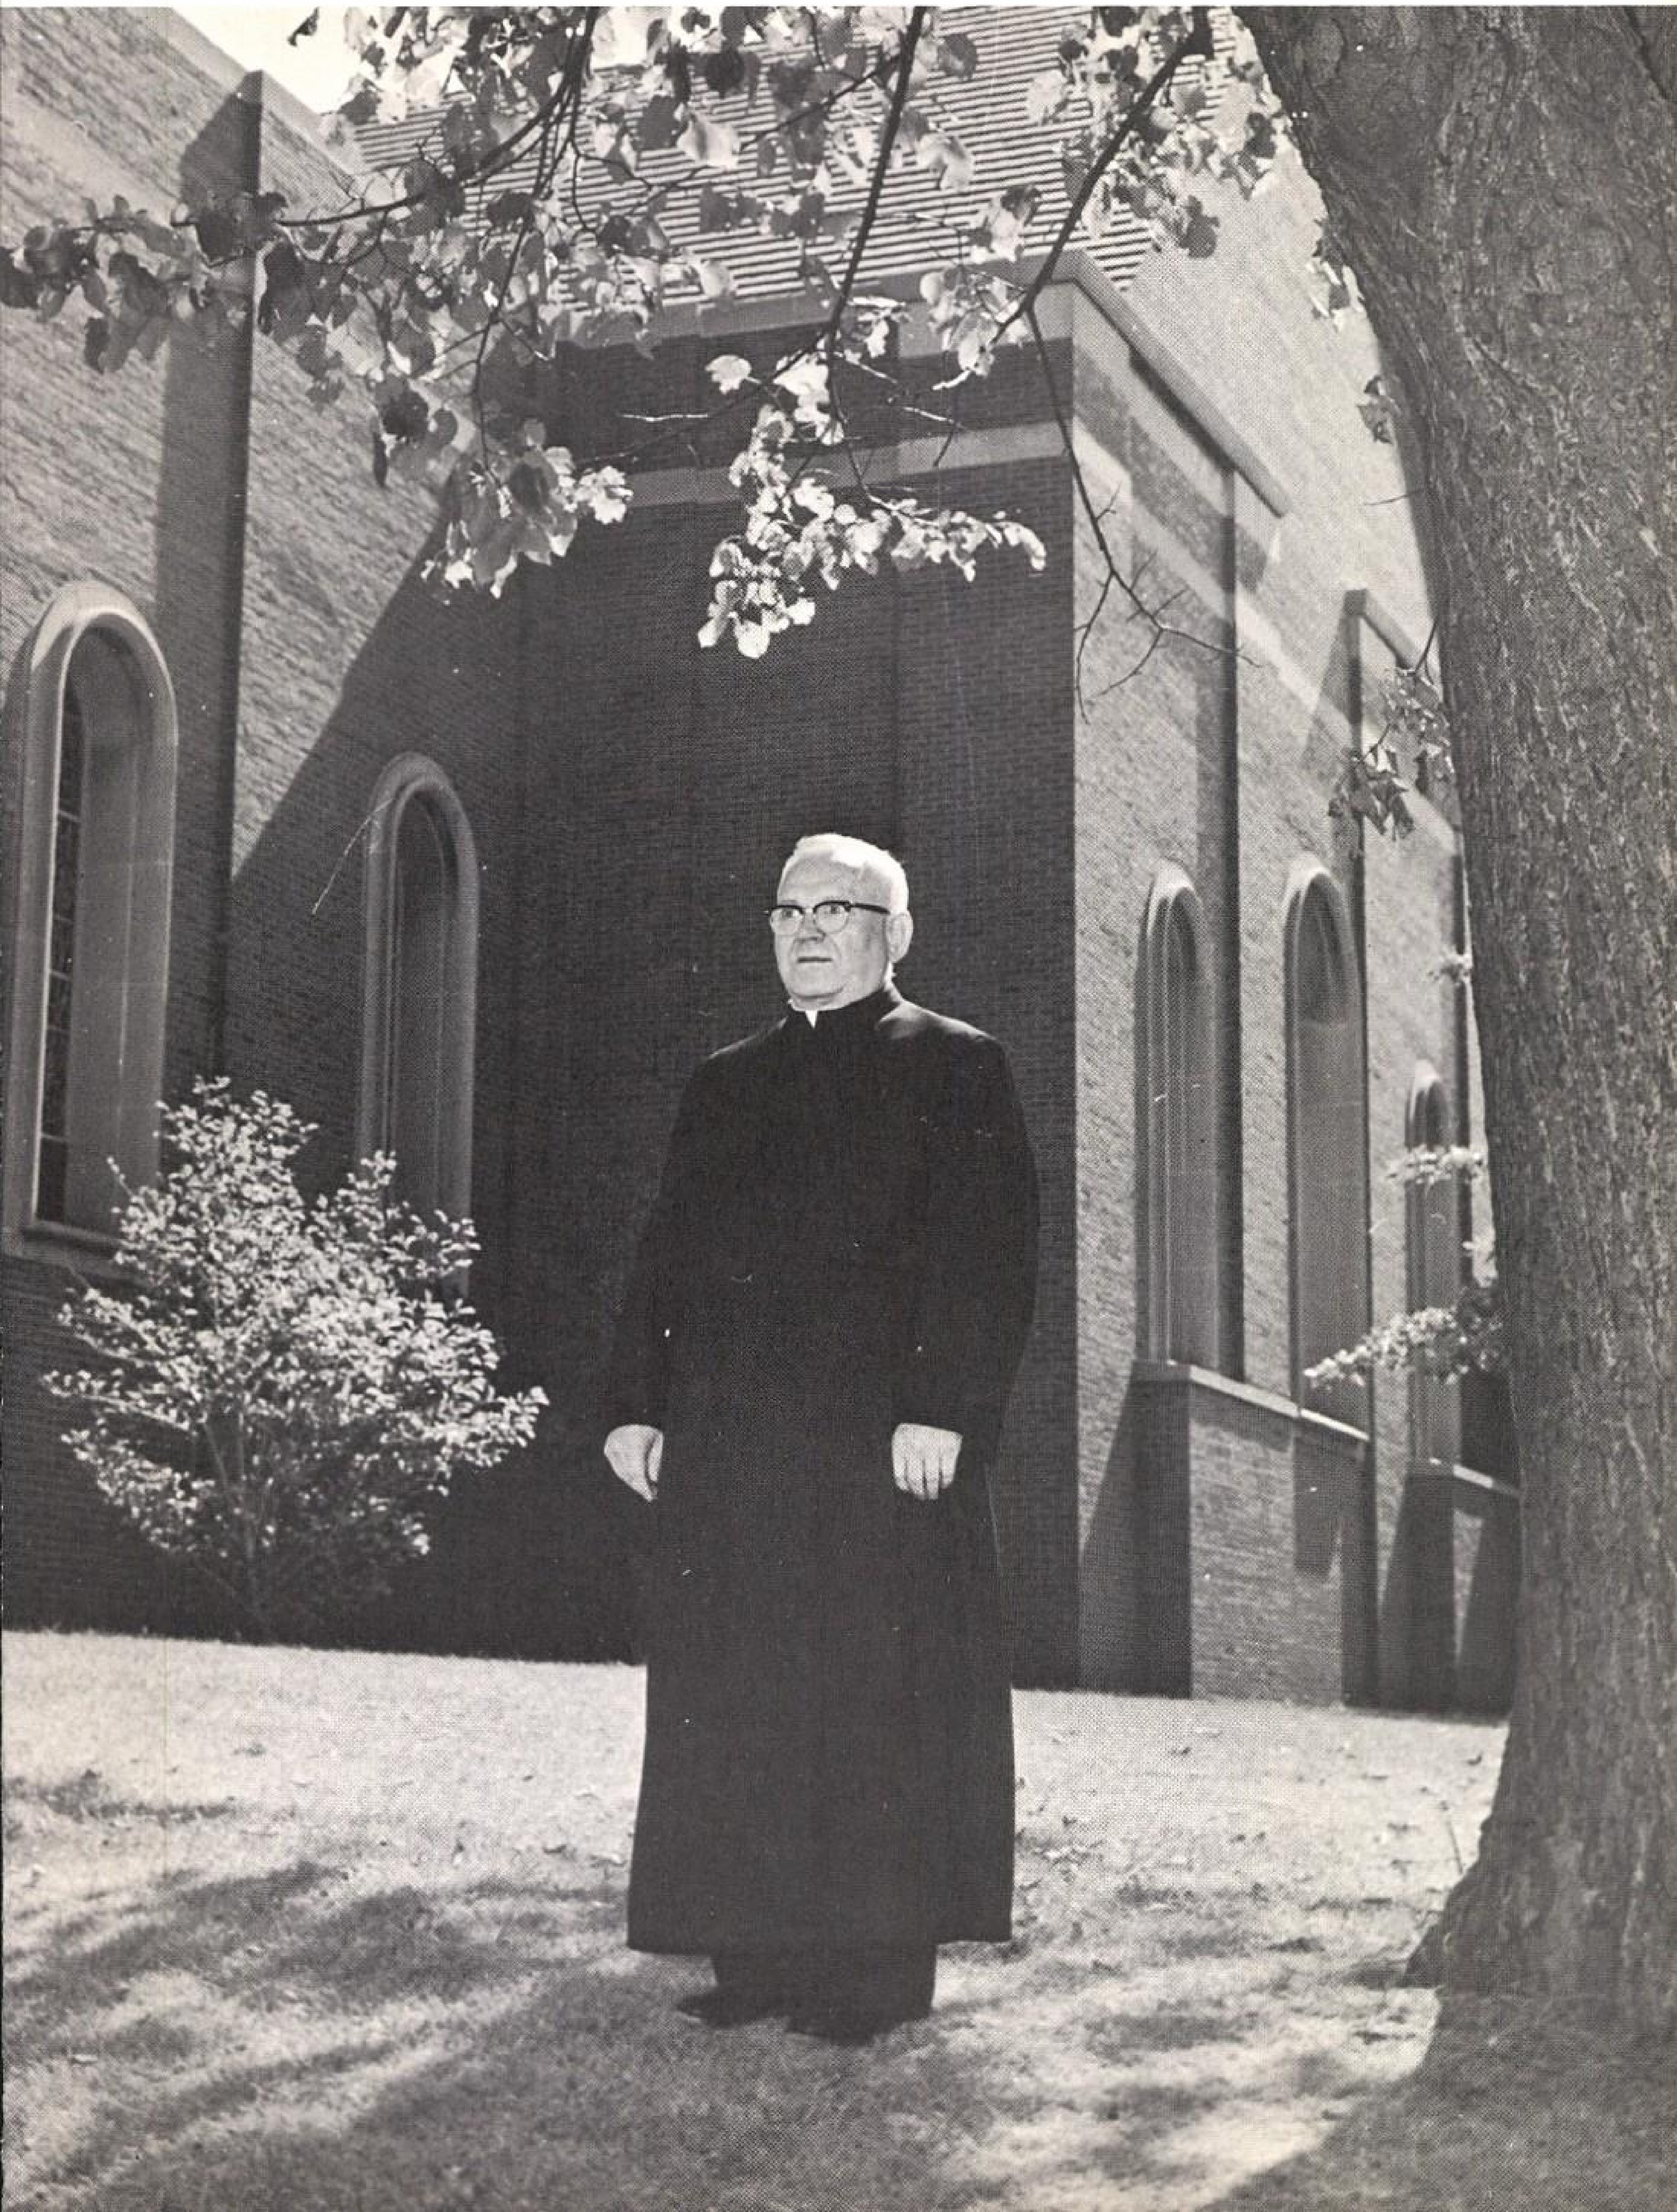
Life holds out before every '64 graduate many wonderful opportunities. The space age welcomes its youth with open arms. High School days, when reviewed in retrospect, held only joys, achievements and successes. If there were difficulties, they were dissolved in the happiness experienced in receiving a diploma.

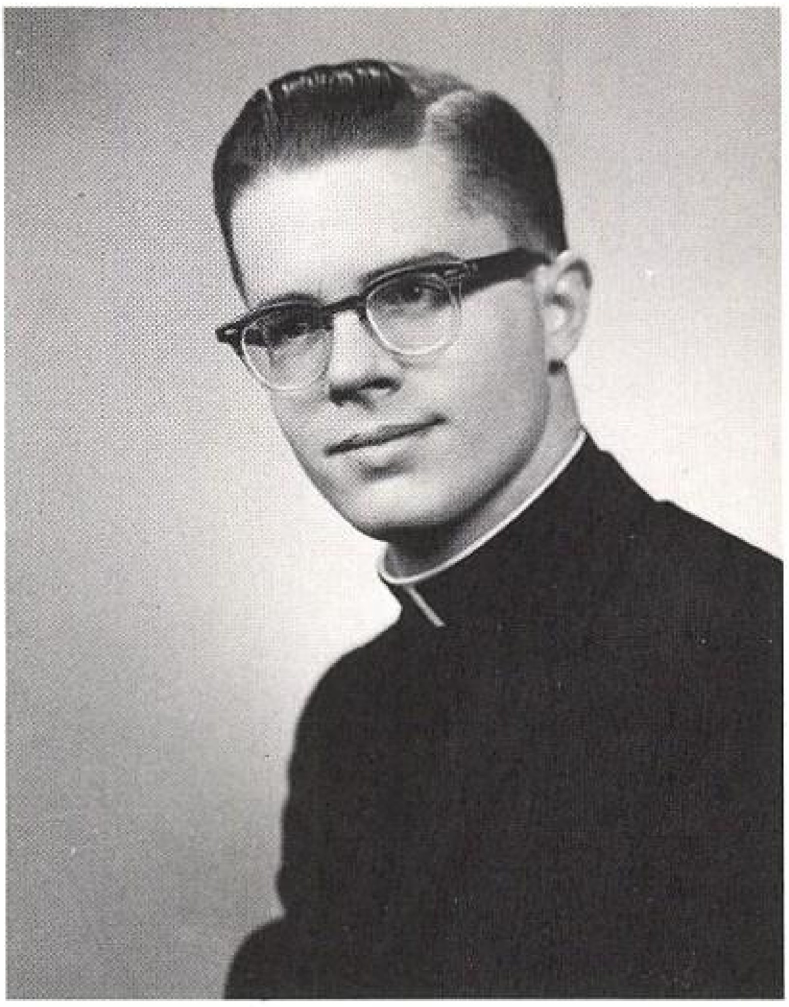
The opportunity to graduate and cherish fond memories has resulted from the help of many fine people: our parents, teachers, and priests. In this, OUR ANNUAL OF 1964, we wish to honor above all our pastor, REVEREND LEO A. KRAUS, who stands out in our minds for his great concern for us. The advice he gave us in his weekly talks was the best possible and the most needed to spur us on. Ideas on "Doing God's Will," appreciation of our parents, understanding our responsibilities, spreading the Faith among men were only a few which we now recall.

We are most grateful to you, Father Kraus, for your timely advice and interest in us, and do hereby dedicate our 1964 PENDULUM to you.

May the Sacred Heart repay you in abundance, Reverend Father.

THE CLASS OF '64





Father Edward Hoffmann, *Sports and Activity Director, Religious Instruction.* The Class of '64 will never be able to thank Father fully for his spiritual advice and guidance given during the two years he was with us. May the Sacred Heart of Jesus and Mary repay Father for us.

Sister Mary Blandina, *Principal*

During our four years in high school, we can sincerely say: "We are grateful for everything, Sister." You have helped us achieve a spiritual outlook, an educational goal, and a sense of responsibility which will only be appreciated in our later lives. May your reward be in proportion to your good deeds.

Don
One of the greatest kids I've ever known. From our quarrels & fighting something deep has grown (I think so anyway) I think you'll be one person that I'll always think of. Maybe I shouldn't talk like this 'cause we never really went out or anything. But I'll still always have a special feeling for you. Don't forget to write me once in a while later on.

Love (& Kisses)
Karen

P.S. Good luck in everything you do.

Don
I'm going to miss you much much more than most of the Seniors for we've become very good friends since we've gotten married. I'll tell you one thing for sure, you make a very good husband. I shared a lot with you since we started with the operetta, but I want you to know that with-out your patience, kindness, & understanding, I could never have done it. I want to thank you Don very much. You are really a Prince Charming!

Love
Helen

P.S.
Good Luck in everything you do Don. And take real good care of Carol — she's half mine you know.

Don, To a real swell guy who can really sing. Please remember all of the good times we have had at St. Joe's especially in all those Glee Club rehearsals. I wish you the best of luck in all your future plans & hope that once in a while you will remember me. God Bless you.
